

Are you deaf and have/had cancer?
Or do you care for someone who has cancer?
Do you need support?

Or you find that you can't share your feelings with your family, or friends? – you can with us with other deaf people who have cancer who can chat in British Sign Language.

We have one successful Zoom chat group running and we are seeking to do the same with men. We encourage more men with cancer or men carers to come forward. We have a volunteer who is more than happy to set up a zoom chat group just for men.

Deaf Cancer Support Group UK has been running for nearly 3 years providing emotional support, advocacy support and 1:1 support.

Currently in the covid-19 pandemic, emotional support and 1:1 support is done by Zoom. We can use text messaging, messenger, or Zoom. We have a team of volunteers trained by Macmillan and SelfHelp.
